Remuneration Structure

We are remunerated for the business services we offer to you our client in a number of ways:

- The Product Producers with whom we place business in the form of a commission payment. Such commissions are a well-established mechanism for brokers to be paid for the services we provide and hence are built into the cost of the product supplied.
- Fee based remuneration for Advisory Services will be agreed in advance and an invoice + VAT will issue directly to you or your representatives as applicable.

Summary details of these payments will be included in the product information document and/ or quotation document which you will receive before an application for a product is completed. Full details will be included in your cooling off pack which you will receive from the nominated product producer.

Additional fees may be payable for complex cases or to reflect value, specialist skills or urgency. We will give an estimate of this rate in advance of providing you with services.

It is possible to combine these methods depending on your preferred method for payment. If a fee is to be charged, this will be discussed and agreed prior to the Firm commencing work for you. You will not be charged a fee without prior knowledge of the fee amount or basis.
